COMPANY

Hempel Special Metals is an owner managed, international corporate group that distributes high-performance materials through six companies, one sales office in Shanghai and other distribution partners to over 50 countries.

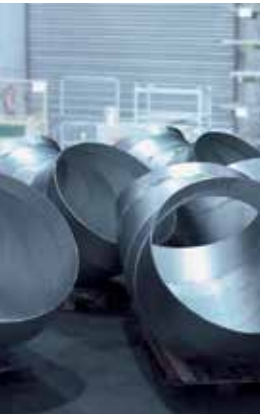

We provide stainless steel, nickel alloys, titanium, zirconium and other special materials as well as customised solutions for selected industries:

- Engineering and Construction
- Process industry: Chemicals, Energy, Environment
- Medical industry
- Watch industry
- Oil and Gas industry
- Architecture and Construction
- Gasket and Valve manufacturers
- Aviation industry

Our material corresponds to the requirements of various official standards such as ASTM, ASM, ISO, VdTÜV, and NORSOK, amongst others, and some individual customer specifications.

Our service centres are audited in accordance with ISO 9001, EN 9120 and ISO 13485, and also to different customer-specific guidelines from the medical, process and aviation industry.

Our expertise helps you to keep your procurement costs low.

STOCK RANGE

Stainless Steel					
1.4016	AISI 430	✓	✓		
1.4301/1.4307	AISI 304 / 304L	✓	✓		
1.4310	AISI 301		✓		
1.4404	AISI 316L	✓	✓		
1.4435	AISI 316LMo	✓	✓	✓	
1.4462 / 1.4410	Duplex / Super Duplex	✓	✓		
1.4529 / N08367	Alloy 926 / AL-6XN	✓	✓	✓	✓
1.4539	Alloy 904L	✓	✓	✓	✓
1.4542	Alloy 17-4 ph	✓	✓		
1.4550	AISI 347	✓	✓		
1.4562	Alloy 31	✓	✓		
1.4565	Alloy 24	✓			
1.4828	AISI 309	✓	✓		
1.4841	AISI 314	✓			
1.4876	Alloy 800H	✓	✓	✓	✓
Nickel Alloys					
2.4360	Alloy 400	✓	✓	✓	✓
2.4602	Alloy C22	✓	✓		
2.4605	Alloy 59	✓	✓	✓	✓
2.4610	Alloy C4	✓			
2.4633	Alloy 602ca	✓	✓	✓	✓
2.4660	Alloy 20	✓	✓		
2.4668	Alloy 718 API	✓	✓	✓	
2.4816	Alloy 600	✓	✓		✓
2.4819	Alloy C276	✓	✓	✓	✓
2.4851	Alloy 601	✓			
2.4856	Alloy 625	✓	✓	✓	
2.4858	Alloy 825	✓	✓		
Titanium, Titanium Alloys, Zirconium					
3.7025	Titanium Grade 1	✓	✓		✓
3.7035	Titanium Grade 2	✓	✓		✓
3.7164	Titanium Grade 5	✓		✓	
3.7235	Titanium Grade 7	✓	✓		
3.7194	Titanium Grade 9				✓
Zirconium	Zr702	✓	✓		

Sheets/Plates Coils/Strip Bar/Wire Tubes/Fittings

We also stock industry specific alloys such as CoCr, CuBe, Alloy 15-5 ph, Tantalum and more.

SERVICES

Material logistics

Storage of semi-finished products in nickel alloys, titanium, corrosion and heat resistant steels with:

- 24-hour delivery service
- Package orders
- Call-off orders
- Reserved inventories and consignment stocks
- Material consultancy service
- Internet metal trading platform (www.econox.com)

Service centres

Processing of materials on our

- Laser cutting machines
- Plasma cutting machines
- Water jet cutting machines
- Shears
- Saws
- Cut-to-length line
- Slitter and precision slitting equipment
- Foil coating machines
- Bar marking machines
- Turning machines

Tailor made products

Production of special parts according to customer specifications with certified partner companies:

- Forging, rolling, deforming
- Pipes, flanges and fittings
- Fasteners
- Pre-fabricated components
- 3D printing
